

# QUADRASAN®

Breakdown - Combination Cleaner

## PRODUCT INFORMATION

-  **Versatile**, removes both nasty odours and organic staining from a multitude of surfaces.
-  **Uses safe bacteria** to degrade organic waste and remove uric acid build up and odours, in sinks, pipes, kitchen drain lines, grease traps and waste bins.
-  **Three key enzymes**, which degrade fats, proteins and starch after activation. Highly effective against oils, food & human waste.
-  **Easy to use**, Can be applied using a cloth, mop or trigger spray.
-  **Creates biofilm** to tackle new waste and offers 24 hour protection.
-  **Peak enzyme production** and stain removal after 8 hours.
-  **Suitable for multiple locations**, ideal for use in all areas including washrooms, toilets, kitchens, hospitals, hotels, restaurants, nursing homes, schools and health clubs.

## Product

Quadrasan® Breakdown 2 x 5ltr  
[QUA-QBD]

## How to use

### Specifications

#### Quantity

Packed 2 x 5 litres  
(4 x trigger spray labels and  
dosing cup included)

#### Cost in use

Between 13p and 30p per litre  
depending on dilution rates.

#### Directions for use

Carefully pour the measured  
amount into the trigger bottle, top  
up with water as necessary.

#### Storage

Store in a cool dry place.

#### Warnings

Irritant.

#### Dilution Chart:

Part fill trigger bottle with water. Insert the portion control aid into the 5 litre bottle of concentrated Quadrasan® Breakdown and squeeze the bottle gently to the required graduation on the cup of the portion control aid. Carefully pour the measured amount into the trigger bottle, top up with water as necessary.

#### Application Area and Method of Use.

- **Urinal, sinks and floors:** Dilute 1:10 or 1:20 and clean affected area. Re-apply and allow to dry. Repeat daily until odours are gone and then treat weekly as a preventative.
- **Carpets, fabrics and furniture:** Spotting (test area for colour fastness). Apply a 1:4 dilution, rub or scrub gently and then dab off any dirt that has come off immediately. Treat again and leave overnight before dabbing again and rinsing with clean water if required. General carpet cleaning: can be diluted up to 1:50.
- **Sinks and drains:** Pour 50 ml of neat product into the outlet once per week.
- **Grease traps:** Pour 50 ml of neat product down the nearest sink once per day, preferably at the end of the day.
- **Tiles and grouting:** Scrub off visible material using a 1:4 dilution of the product in water. Then apply again and leave to dry. Repeat until odour or stains have gone.
- **General deodorising:** Use a 1:20 solution.
- **General cleaning:** Can be diluted up to 1:50.
