Refills

The Sanitex® soap refills and instant hand gel, offer optimal hand hygiene. Hands stay hygienic and clean long after washing.

Through a luxury foam and luxury liquid formula, dirt is emulsified making it easier to remove dirt from the skin in a regular hand washing process.

Sanitex® anti-bacterial foam soap is a foaming detergent based soap that is extremely mild and yet a highly effective cleaner. The active ingredient is a highly effective anti-fungal agent. Specifically designed to reduce the amount of bacteria on your hands.

The instant hand gel for the Sanitex® dispenser is an instant, refreshing and caring alcohol based formula with anti-bacterial action without water. Designed to reduce the growth of micro-organisms on hands in areas where water is not available.
